Applying for a Drivers License in Germany

A step by step guide

Process of application

We at HETZLER think that everyone should easily be able to be mobile and free to move in german traffic.

In recent years however, we have noticed that the whole application process for a driver's license, as well as the process of registration at a driving school is often not as easy as it should be.

We have narrowed the problem down to communication issues and have therefore created this guide.

In case you might have further questions make sure to contact our english speaking driving teacher: Brecht, Niclas 01785049813

Documents

You will need to submit the following documents:

- Confirmation of participation in a **first aid course**.
 - We offer first aid courses every first saturday a month. Please check our website.
 - German: E-H-K : Erste-Hilfe-Kurs
- Confirmation of taking an eye test.
 - Have your eyes checked by an optician or ophthalmologist (German: "**Sehtest**")
 - We offer eye tests aswell. They will be free of charge if you are registered at our driving school.
- Take a basic **biometric passport photo**.
 - The photo will later appear on your driver's license.
 - We will also offer that in the future so stay tuned.
